Voice Trap is an audio tool that was designed to help eliminate and isolate vocals within a track. Generally, vocals are removed from a .

“Voice trap removed the last of the sound from the music, leaving only her voice.”. “This software allowed me to add and subtract all vocal tracks from the sound.”. “What do you get when you combine a fashionista with a tech geek? Voice Trap!”. “A lot of you said that you couldn't get your sound effects to work correctly. I tried the same thing with voice trap, and it was great!”. “I have also been using this software to record my voice and voices of my students. It allowed me to be consistent and to make use of voice trap without getting any funny looks!”. “I used to use Voice Trap to deal with those annoying voices, now I use it to remove the best things from my music!”. “When it comes to speech-to-text, the more information you give, the better!”. “This allows you to make use of the sound of your own voice, without having to record anything! It's useful for voice-to-voice conversations.”. “I work in a school setting, and I use voice trap to add/subtract from any track. I used to have a problem with training tracks, but with voice trap, I am able to deal with any music (including iTunes or Audacity) I record using the microphone.”. “I love the amount of control you have with voice trap. It allows you to make any voices sound like a certain person, such as a child, a teen, an adult, etc.”. “I used to record "real" sounds, such as people talking, babies crying, etc, but with voice trap

Q: How to run an entire SQL script I have many SQL script files in the database which must be run one after the other. What is the best way to do that. A: You can use sqlplus: sqlplus / as sysdba @my_script_filename.sql @end A: It's been quite a while since I've used Oracle 10, but I believe you would use the SQLplus command: SQL> @file_name.sql EDIT: (Assuming you have the SQL command line tools installed) You would run SQLplus as below: C:\>sqlplus SQL*Plus: Release 11.2.0.2.0 Production on Fri Jan 17 14:32:21 2011 Copyright (c) 1982, 2011, Oracle.
